

# Tekes Groove Cleantech Roadshow

Jiangsu, China

Delegation trip

October 22-25, 2013

# Growth and partnerships from China

- Take advantage of this unique and efficient opportunity to get a hold of the Chinese market!
- The Jiangsu province has invited a Finnish delegation for a visit and prepared a **goal oriented programme**.
- Tekes Groove, together with the Jiangsu Province will pay for all expenses excluding travel and accommodation.

**Oct 22 Nanjing**  
Cleantech, Biotech  
and ICT

**Oct 23 Changzhou**  
Green building related  
technologies

**Oct 24 Yixing (Wuxi)**  
Environmental  
technologies (water,  
air, soil etc.)

**Oct 25 Suzhou**  
Cleantech and  
nanotechnologies

# Teke Groove Cleantech Roadshow

- The roadshow offers opportunities for finding partners for both business and financing.
- The roadshow target the cities and enterprises of the hottest business province in China.
  - Practically all globally significant companies operate in the area.
  - The programme includes one day per city with a seminar focused on the topic of the day and on-site visits and matchmaking events with potential partners in the area.
  - Opportunities for focused meetings with key persons, investors and officials.

# The goal and purpose of the trip

- The different parts of the trip are all focused on establishing partnerships for the participating companies.
- The trip supports the joint call for funding between Tekes Groove programme and the Jiangsu province. The preliminary applications for funding are due the end of November.
- During the trip, on-site visits to potential or existing partners' premises are possible.

# Jiangsu Province

- Has the largest Gross domestic product per capita in China. Total GDP is the second largest (750 billion US\$ in 2011). Growth has been strong and steady.
- One of the leading exporters of electronics, chemicals and textiles in the world.
- Has received the most foreign capital of China's provinces since 2006.

## **Oct 26-27, 2013 Pujiang Innovation Forum**

- Voluntary and independent participation to Pujiang Innovation Forum events

Flights to Finland according to companies' own schedules.

# Pujiang Innovation Forum

Shanghai, October 26-27

- A large science and technology forum. This year's theme is "innovation based development and the role of enterprises".
- Finland has been granted the "Country of Honor" status and is thus allowed to organize its own forum as a part of the whole event. The Country of Honor forum allows Finland to invite the most important innovation influencers and companies to participate. The forum will be organized as a large Team Finland event with a special emphasis on the role of companies according to the theme.
- Pujiang Innovation Forum is not officially part of the Tekes Groove Cleantech Roadshow but the schedules have been planned so that participation to both is possible. More information about the Pujiang Innovation Forum is available from:
  - Kati Shibutani, Ministry of Employment and the Economy  
([kati.shibutani@tem.fi](mailto:kati.shibutani@tem.fi), +358 50 396 4893)
  - Jari Konttinen, Confederation of Finnish Industries  
([jari.konttinen@ek.fi](mailto:jari.konttinen@ek.fi), +358 40 575 2081)
